Modi Govt. approves E-visa for 43 nations, big boost for medical tourism

Giving the tourism sector specially the medical and dental tourism, a significant push, the government of India launched the much-touted online visa facility for 43 countries including the US, Australia, Japan, Israel, Germany and Singapore. Travelers can apply for a visa online and receive the same within 72 hours.

The electronic travel authorization (ETA) will be valid for 30 days and the visa fee has been fixed at \$62. Those traveling on short duration including dental and medical treatment, business visit or to meet friends and relatives will be eligible to apply. The facility will be made available at nine airports including Delh.

In a press statement Mr Rajnath Singh, home minister of India said, "We want to promote tourism in the country in a big way. The contribution of tourism in GDP is approximately 7% and we want to double it." And to ensure this we are giving top priority to safe and secure travel which will be 100% hassle free. The countries which are included in the first phase are Russia, Ukraine, Brazil,

UAE, Jordan, Kenya, Fiji, Finland, South Korea, Singapore, Mauritius, Mexico, Norway, Oman and the Philippines among others. "Currently, we have included 43 countries in the first phase. Barring those who are 'high-risk' countries, we will extend this facility to almost every country in the world phase-wise," Home Minister said.
